Patrol Wins National Nod For Safety

National honors for the overall safety performance of the drivers of California Highway Patrol vehicles were accorded the Patrol in the 1954-55 annual fleet safety contest. The Patrol received a plaque for placing second among the state police and highway patrol fleets in the 24th National Fleet Safety Contest. With a fleet of over 750 vehicles the Patrolmen operated over 32 million miles with an accident rate of only 28 accidents per 100,000 vehicle miles. Under contest rules, the slightest dent or fender scratch is considered a reportable accident. More than 1800 fleets including bus, truck, taxicab, transit, passenger car, police and government agencies were represented in the 27 divisions. Twenty one state enforcement fleets were entered in the State Police Division with an average of .51 accidents per 100,000 vehicle miles. The Nebraska Safety Patrol placed first in this division. The California Highway Patrol fleet is the largest and covers the most total miles of any police fleet in the contest. A continuing safety program is conducted within the Patrol designed to make safety in traffic a two way road for every patrolman.

Pair Captured On Suspicion Of Burglary

A pair of burglary suspects were apprehended here after they led a policeman and a store manager on a wild riding spree Tuesday. John Arajo, 25, and Benjamin Valenzuela, 25, are being held on suspicion of burglary after authorities said they found cases of cigarettes and shotgun shells in their car. It all started when Charles Anderson, who works at a market at 23401 S. Western Ave., noticed a man running out of the store room, lugging a case of cigarettes. Anderson moved in to capture the suspect, but the alleged thief evaded him, jumped into a waiting car and was off. Anderson gave pursuit in his car and when he reached the intersection of Sepulveda Blvd. and Normandie Ave., he hailed an off-duty policeman. The two, Anderson in his car, and Policeman John Georgi perched on a motorcycle, gave hot pursuit and finally stopped the fleeing suspects at Figueroa St. and Ocean Ave.

Rollingwood Homes to Be On Display

Settings and furnishing for the model homes in Rollingwood states in Palos Verdes will be created by the staff of the J. W. Robinson Co. interior decoration department, according to James McCarthy Co., developers of the new homes. The homes, located high in the Palos Verdes peninsula, will be ready for inspection soon, he said. Each will carry a separate California theme, both in landscaping and decor. The homes are planned to offer a wide panorama—both of the ocean and the lights of Los Angeles at night. The three- and four-bedroom homes, priced from \$19,000 to \$24,000, will feature either a family room or den, a contemporary, and O'Keefe and Merritt built-in oven with roaster.

Veterans to Fete Officers

A reception for the department officers of California Veterans of World War I will be held tonight in the Veterans Memorial Building, Broadway and Cedar, Long Beach, with Barracks 184 as hosts. All veterans of the First World War and their wives are invited. The regular meeting of the barracks will be held next Tuesday in Hall 3, of the Veterans Memorial Building. A total of 808 members have been added since December, 1954, according to Oscar Holand, publicity chairman.

Equipment Made Here Used in Deepest Well National Supply equipment, including a Torrance-made steam-powered draw works, has again helped to break the world's record for deep well drilling. Using a barge-mounted rig, in a marsh 45 miles south of New Orleans, Richardson and Bass, of Fort Worth, on Nov. 9, pushed past the former record, 21,482 feet, established in California in 1953. Ed Hill, manager of operations, says the well may be drilled to 22,500 feet or deeper.
